Lessons

We have safe and gentle school horses and ponies. Our instructors are certified and are great with students of all ages. We provide opportunities for students to compete in horse shows at the entry level without owning a horse or pony. We offer half leases when available, which gives the student many of the advantages of ownership at a significant reduction in price.

Board & Training

Horses are turned out and groomed 6 days a week. Blankets are put on and taken off according to the weather. Feeding plans are formulated for the individual horse, using the best hays and best grain products. Lessons are scheduled 5 days a week and horses are ridden when owners are not available to ride or the horse needs training. We have the best veterinary care and will medicate horses according to veterinary instruction 24 hours a day, 7 days a week.

Horse Shows

For the horse owner we provide the best training and care available. We go to all levels of hunter/jumper horse shows, from the one day local shows to the national level horse shows. We travel to shows throughout Florida, Georgia, the Carolinas, Pennsylvania, Washington D.C., and New York. We also have in-house horse shows, which teach students about competition right at home without the additional stress of unknown competitors.
